Llorens Leaded Art Glass, Inc.  
814 Ronald Wood Road  
Winder, GA 30680

Dear Mr. Llorens:

I recently had the privilege of working with you and your crew from Llorens Leaded Art Glass on stained glass windows for the Refugio de Esperanza (Refuge of Hope Church) in New Rochelle, NY. Your company came highly recommended from a local contractor and we were additionally impressed with your competitive prices. Your team made the entire process enjoyable and assured that everything went extremely smoothly. Not only were your employees professional to work with, they made me and my team feel at ease with this major decision.

I have been captivated by the beauty and true art you have created at our church. Not only will the members of the church, but the community of New Rochelle, thoroughly enjoy the magnificence of these windows.

On a personal note, I truly appreciated the stained glass you designed and installed for my home. I was blessed to have encountered such a kind and humble group of people to perform these jobs that mean so much to me and my family. It has been a true pleasure working with you all.

May God Bless You.

Truly Yours,

A handwritten signature in black ink, appearing to read 'Mariano Rivera', with a stylized flourish at the end.
